# Outdoor Fireplaces in a Day!

## MESA | 36" GAS BURNING

A compact fireplace designed for use on decks, patios and pool decks. Enjoy your outdoor R & R even when temperatures are falling. Vent-free gas burner & log set provide warmth and ambiance.

## CHIEF | \*30" WOOD BURNING

Compact wood burning fireplace that fits into almost any design. Solidly-built using a FireRock™ masonry core, high temperature fire brick lining and cultured stone veneer. Wood boxes and seat walls easily attach.

## SENTINEL | \*36" WOOD BURNING

The Sentinel fireplace offers a 36" fire box in a mid-size frame that works well as a corner feature or stand-alone fireplace. Additional seat walls and wood boxes will make this a focal point in your garden.

## HALF DOME | \*36" GAS BURNING

The Half Dome fireplace offers a 36" fire box in a wide base frame that works well as a stand-alone fireplace and focal point. Stretches to over 20 feet in length with added seatwalls and wood boxes.

# Outdoor Kitchens in a Day!

## Paddock

A compact outdoor kitchen that comes fully-equipped with a stainless-steel 4 burner grill, under-counter refrigerator, stainless-steel access doors, and internal electrical wiring.

## Infield

This compact, fully equipped kitchen allows guests to interact with the cook while dinner is being prepared. Provides seating for 2-3 people.

## Backstretch

The L-shaped island with counter provides seating for up to 5 people and can replace a dining set. The Backstretch makes a great anchor for integrating a pergola cover to create a complete outdoor room.

## Homestretch

The unique combination of face-to-face seating, cooking center, and fire feature is a best-selling favorite. Add an umbrella or pergola and you'll have an instant outdoor space to enjoy for years to come.

## Triple Crown

Locate close to the house or near the pool to create a gathering and dining zone. The L-shape helps define your outdoor space and makes a great anchor for integrating a pergola cover to create a complete outdoor area.
